OBJECTIVE

To define the process for the acceptance and endorsement of checks by university departments.

POLICY

Applies to: All university personnel and departments accepting checks for payment of goods or services.

Issued: 06/1991
Revised: 06/2007

I. Overview

A. It is the responsibility of the Office of the Treasurer to determine the policy and procedures for check acceptance, endorsement and deposit.

B. Each department must restrictively endorse all checks “for deposit only” immediately upon receipt. This prohibits the negotiation of the check if it is stolen.

C. Deposits must be made at least once weekly or when $500 or more in cash and/or checks has accumulated, whichever comes first.

II. Definitions of Acceptable Checks with Proper Identification

The Uniform Commercial Code (UCC) sections three and four designate the following cash equivalents as checks and they are to be processed as any other check.

A. Cashier’s check - A check purchased at a bank for any amount; the bank completes all information on the face of the check with a bank officer signing as the maker.

B. Certified check - A personal check guaranteed by the bank; the check is stamped "certified" and signed by a bank officer.

C. Money Order - An item purchased at a bank, post office, or other business establishment. The bank completes only the amount information.

D. Traveler’s Check - A special check supplied by banks or other companies for the use of travelers; these checks already bear the purchaser's signature and must be countersigned in the cashier's presence.

E. Personal Check - A written order payable on demand, drawn on a bank by a depositor; a personal check is written against an individual's funds as opposed to a
cashier's check, certified check, money order, or traveler's check, all of which are written against bank funds.

NOTE: Personal checks are accepted for purchase of goods or services. Cashing of personal checks is prohibited.

III. Definitions of Unacceptable Checks

A. Counter Check - A non-personalized, non-encoded check that is available at most banks.

B. Starter Check- A non-personalized check that is used to establish a new checking account. These are for the individual's use prior to receiving encoded checks from the bank.

C. Third Party Check - A check made payable to a person or organization other than the one accepting or cashing the check (for example, a paycheck).

D. Foreign Check (unless there are exceptional circumstances)- A check written on a foreign bank (e.g., a Canadian bank) not specifically prepared as U.S. currency. Contact the Office of the Treasurer if a foreign check is received.

PROCEDURE

Applies to: All university personnel and departments accepting checks for payment of goods or services

Issued: 06/1991
Revised: 06/2007

I. Review of Accepted Checks

A. Every check or money order must be reviewed for completeness.

B. Items which are to be carefully reviewed include:

1. **Pre-printed information**: such as account holder's name, address, phone number. Verify that information is current and correct.

2. **Check number**: Observe that the check number is preprinted and does not appear to have been tampered or altered.

3. **Bank name and location**: Verify bank is located in the United States by looking at the bank address printed on the check.
4. **Bank coding and holder's account number:** Observe that the check has the customer's bank account and routing number encoded on the bottom along with the bank and check number.

5. **Date:** Examine check for the current date. Postdated checks and checks that bear a date more than 14 days old must be refused.

6. **Signature:** If the item is a personal check or traveler's check, the signature must be compared to an identification card. Note: Traveler's checks must be countersigned in the cashier's presence.

7. **Payee:** Checks must be payable to The Ohio State University or an appropriate abbreviation such as OSU or Ohio State.

8. **Amount:** The amount written in numerals must agree with the amount written in words and equal the amount of purchase.

C. Any department receiving mail remittances should review all checks for completeness given the applicable items stated above.

II. Confirming Identity of Check Maker

A. Acceptable forms of identification include:

1. Current validated OSU Employee ID with employee ID number.

2. Current validated OSU Student ID with student ID number.

3. Driver's license.

4. Other photo ID (such as major credit cards, employee IDs, military IDs, passport/visa, state ID) may be accepted but only when customer does not possess a driver's license.

B. All other forms of ID are unacceptable.

C. The identity of the individual presenting the check should be confirmed and documented on the check with a driver's license or other acceptable form of photo identification (see section VI fraud prevention).

III. Check Endorsement Stamps

A. Departments accepting checks must have an endorsement “for deposit only” stamp.
B. The depositor’s endorsements are limited to the 1.5 inches at the trailing edge of the check. This is where the stamp is used.

C. Endorsement stamps are ordered by contacting Treasury Management. Include department name, department address, department contact name, phone number and number of stamps needed.

IV. Returned Checks

A. The bank sends returned checks to the Office of the University Bursar for collection efforts.

B. Checks can be returned from the bank for the following reasons including:
   1. Non-sufficient funds (NSF)
   2. Account closed
   3. Lack of information
   4. Suspicion of fraud
   5. Stale date
   6. Customer placed stop payment

V. Display of a Return Check Fee

A. Each check acceptance unit shall post a sign stating that a charge, currently $30, shall be assessed against the maker of each returned check.

B. Signs are available from the Office of the University Bursar, 292-7574.

VI. Fraud Prevention

All personnel who handle cash or checks should be advised of the following:

1. Identification such as a driver’s license, signed bank credit cards, and employee ID cards shall be documented.

2. Each ID shall be verified as current.

3. Take all the time needed in examining identification.

4. Do not accept checks which have been defaced by alterations, smudging, etc. Request another check.

5. The authority for accepting checks or charge cards shall be limited to designated employees.
6. The cashier must initial each check to indicate that documentation has occurred.

7. All checks should be deposited promptly.

8. All suspicious activity and check frauds shall be reported immediately to the University Police at 292-2121 and Internal Audit at 292-9680.

VII. Intentional Fraud

A. Intentional Fraud may be suspected when a check maker draws any check on a closed account.

B. If three or more checks are received from the same individual drawn on a closed account, without being able to locate and communicate with this individual, further action will be immediately instituted by the Office of Accounts Receivable.

C. If an individual is suspected of intentional fraud or extreme check writing abuse and is encountered by a unit cashier, do not attempt to detain. Summon the University Police immediately and an attempt should be made to get a good physical description of the individual and to ascertain in which direction he or she is traveling.
