

Procedure for Requesting Permission to Use University Resources for an Event Where Alcohol Will Be Served

If you wish to serve alcohol at a University event in a non-permanently licensed campus site, you must obtain prior University approval in order to use University resources in this manner. To arrange for such approval, you must submit a request to the Office of Business and Finance at least three weeks before the event. Considerations for all events are the benefits to the University, required permits, insurance, potential liability and managing the risks.

Benefits: All events occurring on the University campus should intend a positive benefit to the University, its personnel and/or students. Work with the event host to identify this benefit. If an event will yield no benefit to the University, its personnel or students, then the use of University resources for the same is not fiscally responsible. Please clearly describe the intended benefits on the Request Form.

Liquor Privileges: If University approval is obtained, you may still need to contact the Ohio Division of Liquor Control (“ODLC”) for approval to serve or furnish beer, wine and/or liquor at the event, as it is the only entity that can approve liquor privileges. For more information about the types of liquor privileges that may be available, please consult the ODLC’s website at <http://com.ohio.gov/liqr/>. While no liquor permit is required for a “private party” where attendees are only invited guests, and no fee is collected or charged for attendance to the event or for the alcohol, a liquor permit is required if a qualified organization intends to provide beer, wine, mixed beverages, and/or liquor either for sale by the drink or through the use of a cash bar, or another fee that will gain entrance into the event (e.g. entrance fees, cover charges, seminar fees, tickets, door charges, donations, raffles and silent auctions or any other similar charges are required of attendees to attend the event). If you need a liquor permit for your event, ODLC’s approval may take significantly longer. For example, a year permit takes at least 2 months to obtain, and a temporary permit takes an average of 30 days. The Office of Business and Finance will assist you in the liquor permit application process, but to ensure sufficient time to complete it, you should **submit your request at least eight weeks before the event.**

Insurance, Liability and Risks: Evaluation will include a review of insurance coverages to assure that bodily injury and property damage, which may occur at any such event, is properly covered by insurance. When liquor is being served or furnished, there is an additional consideration about whether liquor liability insurance is needed to be obtained by the University or the host of any such event. Consideration of whether security resources would be helpful at the event is required. Additionally, host agreements to indemnify the University in the event damages arise because of alcohol was at the event may be necessary.

University Expenditure Policy Requests to serve alcohol must be in accordance with the University Expenditure Policy found at <http://policies.osu.edu/>. The policy requires prior approval of the appropriate Vice President, Dean or equivalent administrator and use of available discretionary funds.

Application: In order to obtain approval, the requesting department must submit an Authorization to Serve Alcohol Request Form to the Office of Business and Finance, along with an approval from the Vice President, Dean, or equivalent administrator. Please send a copy of the signed form to ASArequests@osu.edu. No additional cover letter is necessary, as long as all information requested is provided. The Request Form requires the following information:

① **Venue Information:** The Building name/room number and address. If the event is off-campus, please provide the name of the venue and address;

- ② Date and time of the event. Time during the event in which alcohol will be served. A description of the types of people who will be attending the event (e.g., faculty, staff, students, alumni, etc.) and an estimate of the number of people who will be attending the event; a description of the purpose of the event (e.g., alumni reception, faculty-student mixer, going-away reception, etc.); a list of the kinds of alcohol you propose to serve (beer, wine, liquor) and who will be serving the alcohol; where the alcohol will be purchased and by whom it will be purchased;
- ③ An explanation of how non-attendees will be prohibited from entering the event (e.g., fenced off, usher at doorway, use of wristbands, etc.); an explanation of how attendees will be checked, before being served, to determine that they are of legal drinking age;
- ④ A statement as to whether any fees (please see definition above) will be collected in connection with the event and, if so, for what (e.g., alcohol, food, admission or cover charge, etc.); and
- ⑤ Confirmation of the types of insurance coverages that will cover the premises, event and/or will be obtained for the event; including whether the University is a named insured or an additional insured on such policies; whether the premises are being leased from the University for the event and if so, the terms of the lease; whether the host has signed an Indemnification Agreement to the benefit of the University; and security considerations or arrangement for the event (assistance with security questions/arrangements can be obtained from University Police Special Events Coordinator at 688-3211); and
- ⑥ The signature, name and title of the Vice President, Dean or equivalent administrator who has approved this request.
- ⑦ Host warranty that it will obtain a liquor permit if required by ODLC, that it will obtain and maintain necessary insurance coverage for the event and that it will indemnify, defend and hold harmless the University, its employees, representatives, students and agents against any and all costs and expenses, losses and damages arising from or related to the sale or furnishing of beer, wine, mixed beverages and liquor at the event.

The request will be reviewed by the Office of Business and Finance when all of the required information is complete. If no temporary permit seems to be required, the Office of Business and Finance will determine if the request will be approved and will notify you. If it appears a temporary permit is necessary, the Office of Business and Finance will help the University Department applicant select the appropriate type of permit and forward it to the Office of Business and Finance and the Department of Public Safety for signatures. Send only a copy of the permit itself- DO NOT SEND ANY CHECKS TO THE OFFICE OF BUSINESS AND FINANCE. You may retain the original permit during this process; University signatures are only required on one page of the permit application. Once the signature page has been signed by both the Office of Business and Finance and the Department of Public Safety, we will return the completed signature page to you for filing with the ODLC. **The host of the event is responsible for obtaining a liquor permit if required, and for submitting the permit application, supporting documents and filing/permit fees to the ODLC.** By proceeding with an event the host warrants that he/she/it has fully investigated whether a liquor permit was required, and if required, was secured prior to the event, and that he/she/it (if a person or entity that is not a public person/entity) will indemnify the University from all losses, claims, demands, citations, damages, judgments and actions relating to or arising from the sale or furnishing of alcohol at the event.

Commonly Used Temporary Alcohol Permits and Applications: If it is determined that your special event requires a temporary alcohol permit, you will need to submit a permit application to the Division of Liquor Control. The following are the most commonly used permits on our campus:

F Permit: May be issued to any association of ten or more persons, labor union, charitable organizations, or to an employer of ten or more persons sponsoring a function for his/her employees to sell **BEER ONLY**. An "F" permit is effective for not more than five (5) days for the sale of BEER ONLY until 1:00am. No more than two (2) "F" permits may be issued to the same applicant in any thirty (30) day period.

F-2 Permit: For a function sponsored by a nonprofit organization organized for a charitable, cultural, fraternal or educational purpose, to sell beer, wine, mixed beverages and spirituous liquor by the drink, at a place where the sale of beer, wine, mixed beverages, and spirituous liquor on that day is otherwise permitted by law. An "F-2" permit is effective for not more than forty-eight (48) consecutive hours, and no sales can be made after 1:00am. No more than one "F-2" permit can be issued to the same applicant in a thirty (30) day period.

F-6 Permit: May be issued to a nonprofit organization that is exempt from federal income taxation under the "internal Revenue Code of 1986, "100 stat2085 26 U.S.CA 501 (c)(3), as amended, to sell wine at an event organized and conducted by, and for the benefit of, the nonprofit organization. No F6 permit shall be effective for more than seventy-two consecutive hours, and sales of wine under the permit shall be confined to the same hours permitted to the holder of a D-2 permit The Division shall not issue more than six F-6 permits per calendar year to the same nonprofit organization.

A Note on Tailgating: ODLC is responsible for controlling the retail sale of alcoholic beverages in Ohio through issuing the necessary liquor permit. The University does not have legal authority to grant permits to serve alcohol. Therefore, it **cannot** grant permission for alcohol to be served at any campus "tailgate" type function during a home football weekend **except** at those University facilities permanently licensed to serve alcohol (e.g. the Faculty Club, the Blackwell, etc.) or those events for which a liquor permit is not required, or a temporary alcohol permit is obtained through the ODLC. The University can only grant permission to be on the campus for such a tailgate, and that permission is contingent on the host obtaining liquor permits when necessary for the tailgate. It is the responsibility of the host to ensure the appropriate liquor permit, if required, is obtained. A non-university entity is encouraged to obtain independent legal counsel or contact the ODLC to confirm whether a liquor permit is required.

Authorization to Serve Alcohol Request Form

Please send a completed form, and temporary permit application, if required, to the Office of Business and Finance at: asarequests@osu.edu. If you have additional questions, please visit the Office of Business and Finance website at <http://busfin.osu.edu/> or by phone at 614-292-7970.
