As a representative of the payee, you authorize the university to initiate credit entries to your account in the financial institution identified above and debit entries, if necessary, for any credit entries that are determined to be in error.

Once EFT has been set up, all payments will be made via EFT.

- It is the responsibility of the payee to keep the university informed of any changes in name, address, banking, contact, or other. Failure to do so may prevent you from being paid properly or receiving remittance information. Please report changes 30 days prior to change by submitting an updated EFT Authorization Agreement.
- EFT payments may take several days for processing through the banking system before they appear in your bank account.
- Intermediary and Beneficiary banks may apply fees or charges for EFT payments. The University is not responsible for these charges.
- When an EFT payment is processed, a system generated remittance email is sent containing the payment information and an Excel attachment.
- The system generated e-mails can go only to the address specified on the EFT form. Multiple emails cannot be sent.
- HTML format is required to read and open the system generated EFT remittance emails and attachments.

- **If the remittance e-mails are not being received, contact the university to see if the email was returned "undeliverable" at apcustomerservice@osu.edu.**
- **If emails are not being returned to the university as "undeliverable" this indicates that they were successfully sent, and there is an issue on the receiving end. You will need to contact your IT department to resolve the issue.**
